Distribution of Delayed Mails.

There was a busy scene at the Post-office this afternoon, when the mails from the blockaded overland trains began to arrive. One mail came in about twelve o'clock. In this there were 196 sacks, and on the second train, received at one o'clock, there were 154 sacks of mail matter. No overland mails had been received at the Post-office since the 14th, thus making a total delay of four days. The entire force in the Post-office, consisting of sixty two men, was set at work attending to the different branches of assortment and distribution. In addition to the regular force of the central office, as many men as could be spared from the branch offices were called in and assisted in disposing of the enormous amount of mail matter. To an unpracticed eye the work is done with marvellous rapidity, and only a single lightning-like movement is required to put a letter in its proper place.

Another installment of mail came in at three o'clock, and another arrived at four o'clock in the afternoon, but the Assistant Postmaster calmly stated that all of this enormous press of city mail matter would be easily disposed of before night, and the greater part of it distributed by the carriers on the streets. No disorder seemed to have been created. The usual system of routine work was observed, and every one knew what to do. One table was loaded with letters from Europe. This pile was four times the usual bulk, and the letters were being rapidly assorted. In the Registered Department, in the first two mails, two hundred and three registered letters, besides a large number of packages and boxes were received, encased in seventeen square bottomed sacks. More care is taken of this class of matter, and a longer time was necessarily taken to its distribution.—S. F. Bulletin, Mar. 18th.

The International Clothing Company,

Corner of Broadway and Broom Streets.

New York City, Dec. 6th, 1881.

A. M. MELLIS, Esq.,

Honolulu, Sandwich Islands,

Dear Sir: Your valued favor of November 18th is to hand, containing your order to which we have given our closest attention, and you may rest assured we have spared no pains to make this initial order satisfactory, having closely followed your instructions, sincerely hoping by fair dealing to secure your entire patronage in the Clothing Line.

We are willing to make you our Special Agent for the Hawaiian Islands, and consequently can offer you Special Inducements on prices, as we are thoroughly satisfied that a proper representation of our goods will, as has always been the case in the past, take precedence above all other makes of Ready Made Clothing, as we are here, driving our competitors out of the market.

We inclose you a large and varied selection of samples of our Spring and Summer Stock for 1882 now being manufactured. They comprise many Novelties and are especially adapted for the Tropical Climes.

We have shipped your goods as requested via Panama, San Francisco, and by steamer to the care of your Agents, and you will find in this letter your bill of lading, &c. Hoping for an early continuance of your patronage.

We remain, very truly yours,

DONALD FITZGERALD, President.

The International Clothing Co., N. B.—As it is my intention to visit the colonies of Australia shortly, I shall stop to see you on my way. Yours above.

With the above I take pleasure in informing the public that I have opened a full line of

Boots, Shoes and Slippers

of all descriptions and styles, which I will sell at as lower price as this market will admit. Thanking the public in general for past favors received, I shall endeavor, as heretofore, to please them with their wants. } 54 A. M. MELLIS, 104 Fort St., (Brewer's Block.)
